

## IB Art Summer Camp In Italy

An inspiring and stimulating summer camp for students aged 16 to 18 who are interested in making art in a new and exciting context, and developing their potential as artists. The two-week program is a full immersion experience designed to help students to develop these areas:

- Gain confidence and skills as a visual artist
- Use inquiry to initiate and direct art work
- Develop an idea from a seed to a studio piece
- Encourage the relationship between investigation and art work
- 

The camp provides a focused learning experience in a supportive, creative environment where the student is encouraged to build upon their existing strengths and discover new ones. Each student is individually supported in the development of their artwork and investigation workbook while benefitting from the exchange of ideas within the small group dynamic.

The course takes place at La Vigna Art Studios, an artist residency and retreat centre in Tuscany, in the hills near Pisa, Italy and is led by Heather McReynolds, an experienced IB Visual Arts teacher, examiner, author and artist. Book now as places are limited.
